

This certificate acknowledges that

Vectair Systems Ltd
offset 31 tonnes of Carbon Dioxide
for the V-Air Solid Evolution Refill

by supporting the following VCS carbon reduction projects:

Portel-Pará Reduced Deforestation REDD Project in Brazil

Heqing Solar Cooker Project in China

and

planted 11 trees

in the Great Rift Valley, Kenya
thereby offsetting carbon emissions
and helping to combat climate change.

John Buckley, Managing Director,
Carbon Footprint Ltd.
