

Insect-a-clear

FLY-SHIELD *Solo*

The **FLY-SHIELD Solo** has been specifically designed for discreet, stylish and effective insect control and is ideally suited not only for domestic use, but also for restaurants, reception areas, coffee shops or sandwich bars, to name but a few.

The main body of the Solo is made from corrosion resistant, anodised aluminium, which not only means it is simple to keep clean but also makes it light and easily portable, if so desired.

By combining its powerful 20w, energy saving ultra violet lamp with its large unobstructed glue board, Insect-a-clear have come up with a truly effective unit

The following features are incorporated on the *Insect-a-clear* **Fly-Shield Solo**

Stylish contemporary fly killer design.

Discreet glue board for trapping and retaining flying insects

Suitable for wall mounting or free standing.

Aluminium construction for excellent corrosion resistance.

Attracts flying insects within an area of 90 sq metres

High attraction energy saver lamp – no separate starter required.

Shatter resistant tube option available.

Designed and manufactured in the UK.

CE approved and tested to BSEN 60598-2-4/1998 & 60598-1:2004.

2 year guarantee (except lamps and glue board). Terms and conditions apply
